

NDIS EMPLOYMENT ASSISTANCE

Support in finding and keeping a job

This program is designed to help Participants successfully obtain or retain employment in both the open and supported labour markets.

A PERSONALISED APPROACH

Our NDIS Employment Assistance program helps to identify your strengths and goals, matching you with the right job and creating a career plan that fits your employment goals.

READY TO FIND AND KEEP A JOB?

If you are ready to enter the workforce, transition to a new job, or transition from an Australian Disability Enterprise (ADE) to open employment we can assist you to build essential workplace foundation skills and develop a career plan to set you up for success.

WORK PREPARATION

We can connect you to work experience opportunities! We encourage hands-on 'try and test' experiences, with the goal of connecting you to local businesses for work experience or potential job opportunities, alongside mentorship and career coaching from our team.

ELIGIBILITY

You must have a current NDIS plan with Capacity Building – Finding and Keeping a Job. If you don't have this funding in your current NDIS plan, but need help finding and keeping employment, we can assist you with a quote to request this support category at your next NDIS plan review.

PLUS! We offer extra support to ensure a smooth transition into employment, helping you feel confident and fully supported as you step into your new workplace.

TOGETHER WE CAN

EXPLORE your interests and career options and understand what work means (discovery)

CREATE a personalised career plan tailored to your goals

SUPPORT to find employment on completion of a qualification

BUILD ESSENTIAL LIFE SKILLS like time management, planning, and managing stress effectively

ASSISTANCE for those already working - to implement specialised job carving, job customisation or assistance to change jobs

INDEPENDENCE – support to develop skills that enable engagement in work, such as independent travel, appropriate work behaviours, communication, and more
