

Employability Skills Training (EST)

TRAINING THAT LEADS TO EMPLOYMENT!

Getting job ready with practical support, confidence, and skills to move into work.

EST provides training and guidance to help:

- Identify career pathways and understand the skills employers are seeking
- Enhance digital literacy, including online job search techniques and Microsoft Office proficiency
- Explore local industries and employment opportunities
- Update and customise resumes and cover letters for targeted applications
- Apply effective job search strategies with expert guidance
- Build confidence through coaching and mock interviews
- Develop workplace-ready social and communication skills
- Navigate the Points Based Activation System (PBAS) for Workforce Australia
- Join online and access our resources and guidance from anywhere!

Support your clients to get job ready with EST

The EST program helps participants explore career pathways and understand the skills required for their chosen roles.
